

The importance of alcohol prevention

in Deer River schools

Current alcohol use is dropping

Ninth grade students reporting any past 30 day alcohol use

3 in 4
STUDENTS

In 2013, 76% of Deer River 8th, 9th, and 11th graders reported no past 30 day alcohol use.

Prevention matters because...

Students who didn't report alcohol use in the past month were...

- 2x more likely to report getting mostly A grades
- 2x more likely to report better teacher-student relationships
- 2x more likely to report higher levels of education engagement
- 1.5x more likely to report participating in school activities
- 2x less likely to report skipping or cutting
- 3x less likely to report not feeling safe at school

Students who did not skip or cut a full day of school were **LESS LIKELY TO REPORT...**

alcohol use by **Over 2x**
marijuana use by **Almost 4.5x**
suicidal ideation by **1.25x**
self-harm by **Almost 3x**

Students with better student-teacher relationships were **LESS LIKELY TO REPORT...**

alcohol use by **Over 2.5x**
marijuana use by **2x**
suicidal ideation by **2x**
self-harm by **Almost 2.5x**

Deer River responds with action... P&I Awarded

In the 2013-2014 school year, Deer River High School implemented several alcohol prevention strategies

ACTION > RESULTS
